Texas Risk and Authorization Management Program Certification

CERTIFIED

The information below is provided as a companion to the TX-RAMP Certification.

Cloud Service Name

TimeClock Plus: Aladtec

Cloud Service Provider URL

Cloud Service Description (200 words or less)

TimeClock Plus, LLC (TCP) and Aladtec provides first responders, including law enforcement, fire and rescue, dispatch centers, and emergency medical service (EMS) personnel, with Aladtec, a software-as a-service (SaaS) platform. The Aladtec platform provides users with the following capabilities: Employee Scheduling The scheduling module allows client managers to streamline their workload scheduling online. Through the platform, client users can submit shifts for reassignment and sign up for available shifts. Pre-made & Custom Forms Every Aladtec form automatically creates a data repository that allows clients to generate and filter the data into detailed reports. Personnel Management The platform also allows client managers to maintain personnel data from emergency contact information to licenses and certifications. Communications Aladtec provides clients with messaging tools for internal communications between individuals and groups. Reporting Tools Aladtec generates reports such as shift schedules and payroll, as well as reports from custom forms. Reports can also be exported to suit specific reporting needs. Modules Aladtec includes a time-clock module that tracks the hours worked and generates a payroll report based on the hours clocked. This function allows the clients to customize the information included in the payroll report.
